This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. FROM THE

WILL

OF

RICHARD GOUGH, ESQ.

" ALSO I give and bequeath to the Chancellor Masters and Scholars of
" the University of Oxford my printed Books and Manuscripts on Saxon
" and Northern Literature mentioned in a Catalogue of the same for the
" Use of the Saxon professor in the said University, when he shall have
" occasion to consult them with liberty to take them to his Apartments on
" condition of faithfully returning them Also I give and bequeath to the
" Chancellor Masters and Scholars of the University of Oxford all my
" Manuscripts printed Books and Pamphlets Prints and Drawings Maps
" and Copper Plates relating to British Topography markt in the title page
" or elsewhere with the Letters B. T. 1. 2. of which I have drawn out a Cata-
" logue printed in one or written in more quarto Volumes together with my
" topographical drawings Prints and Maps in or more folio Volumes
" bound in Russia Leather or with Russia Leather backs or in any other
" binding and lettered on the back by the names of the respective Counties
" or Districts to which such Drawings Prints or Maps respectively belong
" together with other Books Antiquities Copper Plates or other articles re-
" lative to the subject of Antiquities specified in the Catalogue or Catalogues
" aforesaid or in any other that shall or may be written or printed Also
" my interleaved Copies of the British Topography in two and in four Vo-
" lumes quarto; my interleaved Copies of Camden's Britannia in five Vo-
" lumes folio and my interleaved Copies of the Sepulchral Monuments of
" Great Britain in two or more Volumes folio with all the Drawings relative
" to the latter Work in two or more folio Volumes bound in Russia Leather
" or other bindings together with such impressions of the Plates as may be

" in the said Volumes and all the Copper Plates of the said Work which " may be in the hands of Mr. James Basire Engraver who engraved them or " deposited elsewhere at the time of my decease and also all the Copper " Plates belonging to the British Topography And likewise fourteen Vo- " lumes handsomely bound in folio and two others in folio in yellowish " boards of Drawings of Sepulchral and other Monuments in France. And " it is my will and desire that the whole of the said Articles matters and " things shall be placed in the Bodleian Library in a building adjoining to " the Picture Gallery called or known by the name of the Antiquaries Closet " erected for keeping Manuscripts printed Books and other Articles relating " to British Topography and of such Articles and Collections of this kind as " have been removed from the said Gallery or other parts of the said Library " so that all together they may form one uniform body of British Antiqui- " ties. And it is my particular desire that Mr. John Nichols of Red Lion " Passage Fleet Street Printer or in case of his death his Son John-Bowyer " Nichols do assist my Executors hereinafter named in selecting the said " Articles so given to the Chancellor Masters and Scholars of the said Uni- " versity of Oxford and in transmitting them to the said University."

It only remains to be stated, that the present Catalogue has been formed as nearly as possible on the plan adopted by Mr. Gough himself in his BRITISH TOPOGRAPHY. The Books are arranged according to Counties, and, where it was practicable, chronologically. A very full and perfect Index of Names will be found at the end; so that it is hoped the present attempt will possess the advantages both of an alphabetical and a classed Catalogue.
